The Business Case for Walking

Help us count walking to make walking count!

WE ARE LOOKING FOR GOOD PEOPLE WHO WANT TO HELP MAKE OUR CITY BETTER!

Auckland Design Office's City Centre Design Unit has been leading some ground-breaking work around the role, scale and importance of walking in Auckland's city centre.

WHERE: Somewhere in the core of the City Centre or K'Road

WHEN: 9th August, 8am to 9am

As a volunteer, you are to spend 1 hour counting pedestrians at a particular point. Our high-tech approach to this is that you will use your brain, fingers, smart phone, calculator, clicker, paper or whatever to count the total number of people passing you in that one hour and tell us what the total is.

For more information or to register, contact **Darren** at:

e. darren.davis@aucklandcouncil.govt.nz

m. 021 821 116

In appreciation of your help we'll shout you a **coffee voucher** to warm up your morning!
